

Fireplace: Lompoc Grey Blend Thin Veneer (LPML-GBTV)
Shelf: Lompoc Oatmeal Flagstone (LPF-O)

Custom Blend Lompoc Grey Blend Thin Veneer (LPML-GBTV)
and Lompoc Natural Ledge Thin Veneer (LPNLBTV)

Wall: Lompoc Cream Blend Thin Veneer (LPML-CTV),
Cap: Lompoc 14" Wall Cap (LPWC142)

Photograph demonstrates thin veneer depth from the wall.
Result, lower installation cost in many cases and full bodied
natural stone beauty.

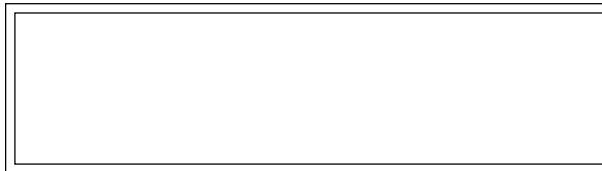

At Lompoc Stone, we care about our country's natural
resources and landscape. That's why long ago we developed
and maintain an on site comprehensive restoration plan.

Lompoc Stone is available from

LOMPOC
Stone™

Lompoc Stone continues its efforts to provide our customer
with a value based natural stone product. Decades of con-
tinued development and innovation have uncovered colors
and textures unique to our natural stone industry. A vast
array of natural stone thin veneer choices were developed
in an effort to have our natural stone applied in areas not
permitted for full bodied veneer. With additions of snapped
edge caps and other accent pieces, Lompoc Stone can be
your complete choice for your natural stone lifestyle.
